## \* HOW TO ORDER AERIAL PHOTOGRAPHY

To order aerial photography: Visit your State or County Farm Service Agency (FSA) office. They can assist you in selecting and ordering the photos you need. If you don't have access to an FSA office, you can send us one of the following: a legal description of the area you are interested in (township, range, and section numbers), latitude and longitude coordinates (point and radius or four corner points), topographic, county, or city map outlining your area of interest as accurately as possible. Prints are made only after an order and payment have been received. You may order over the telephone with Mastercard or Visa if you have complete aerial photo identification numbers.

## \* APFO PRODUCTS AND SERVICES

Depending on the original negative scale, photographs are available in selected scales ranging from 1 inch = 5,000 feet to 1 inch = 200 feet. Paper sizes: 10" x 10" contact prints, 12" x 12" to 38" x 38" enlargements. See FSA-441A (Prices for Aerial Photographic Reproductions) for specific sizes and scales available.

### \* OTHER PHOTOGRAPHY

Photography secured for the Forest Service (FS) and National Resource Conservation Service (NRCS) can be purchased from us by the same procedures outlined for FSA photography. The negative scales vary from 1:6,000 to 1:80,000, depending on the project area. Most FS photography has been flown in natural color, some in black and white, and color infrared. Most NRCS photography has been flown in black and white, some in natural color and color infrared.
